

100% book - Year 7 Mainstream

Aim to memorise 100% of the knowledge on these Knowledge Organisers

Term 4

Swindon Academy 2024-25

Name:	
Tutor Group:	
Tutor & Room:	

"If you are not willing to learn, no one can help you.

If you are determined to learn, no one can stop you."

Using your Knowledge Organiser and Quizzable Knowledge Organiser

Knowledge Organisers

Year 7 Term 1 Science/Chemistry - Topic: TOP Particles

What are we learning this term:

1. Matter
2. Particles
3. Changes of state
4. Making
5. Freezing
6. Condensation
7. Evaporation
8. Solids
9. Solvent
10. Solution

Key Words for this term:

1. Matter
2. Particles
3. Changes of state
4. Making
5. Freezing
6. Condensation
7. Evaporation
8. Solids
9. Solvent
10. Solution

A. Describe the properties of the three states of matter.

Solid	Liquid	Gas
• Particles are packed closely together. • They vibrate in fixed positions. • They have a fixed shape and volume.	• Particles are close together but can move past each other. • They have a fixed volume but no fixed shape.	• Particles are far apart and move randomly. • They have no fixed shape or volume.

B. What happens to the temperature of a substance when it changes state?

During the change of state, the temperature will stay the same until the change of state is complete.

A. What is the law of conservation of mass?

The Law of Conservation of Mass states that mass cannot be created or destroyed.

B. What are the different changes of state?

Melting	change of state from solid to liquid
Freezing	change of state from liquid to solid
Evaporation	change of state from liquid to gas
Condensation	change of state from gas to liquid

C. What is the difference between a pure and an impure substance?

Pure: A material that is made up of only one type of particle.

Impure: A material that is made up of more than one type of particle.

Energy Diagram:

```

    graph LR
        Solid -- "Gaining energy (melting)" --> Liquid
        Liquid -- "Losing energy (freezing)" --> Solid
        Liquid -- "Gaining energy (evaporation)" --> Gas
        Gas -- "Losing energy (condensation)" --> Liquid
    
```

Knowledge Organisers contain the essential knowledge that you **MUST** know in order to be successful this year and in all subsequent years.

They will help you learn, revise and retain what you have learnt in lessons in order to move the knowledge from your short-term memory to long-term memory.

Quizzable Knowledge Organisers

A. What is particle theory?

A. Describe the arrangement and movement of particles in the three states of matter.

Solid	
Liquid	
Gas	

A. What is the law of conservation of mass?

B. What are the different changes of state?

Melting	
Freezing	
Evaporation	
Condensation	

Energy Diagram:

```

    graph LR
        Solid --> Liquid --> Gas
        Gas --> Liquid --> Solid
    
```

These are designed to help you quiz yourself on the essential Knowledge.

Use them to test yourself or get someone else to test you, until you are confident you can recall the information from memory.

Expectations for Prep and for using your Knowledge Organisers

1. Complete all prep work set in your subject prep book.
2. Bring your prep book to every lesson and ensure that you have completed all work by the deadline.
3. Take pride in your prep book – keep it neat and tidy.
4. Present work in your prep book to the same standard you are expected to do in class.
5. Ensure that your use of SPAG is accurate.
6. Write in blue or black pen and sketch in pencil.
7. Ensure every piece of work has a title and date.
8. Use a ruler for straight lines.
9. If you are unsure about the prep, speak to your teacher.
10. Review your prep work in green pen using the mark scheme.

Top Tip

Don't write on your Quizzable Knowledge Organisers! Quiz yourself by writing the missing words in your prep book. That way you can quiz yourself again and again!

How do I complete Knowledge Organiser Prep?

Step 1

Check Epraise and identify what words /definitions/facts you have been asked to learn. Find the Knowledge Organiser you need to use.

The screenshot shows the epraise.com website interface. On the left is a 'Planner' with a calendar for 10th May to 14th May 2020. The main area displays a grid of knowledge organisers for various subjects like Science, History, and Mathematics. On the right, a specific knowledge organiser for 'What is particle theory?' is visible, containing questions and answers about the states of matter and particle theory.

Step 2

Write today's date and the title from your Knowledge Organiser in your Prep Book.

This block shows a printed knowledge organiser for 'What is particle theory?' with handwritten notes in a prep book. The notes include the date '29th May 2020' and the title 'Particle theory'. The knowledge organiser text includes: 'A. What is particle theory? The theory that all matter is made up of particles.', 'A. Describe the arrangement and movement of particles in the three states of matter.', and 'B. What are the different changes of state?'. A diagram shows the states of matter: solid, liquid, and gas, with arrows indicating transitions between them labeled with terms like 'melting', 'freezing', 'evaporation', and 'condensation'.

Step 3

Write out the keywords/definitions/facts from your Knowledge Organiser in FULL.

Handwritten notes in a prep book summarizing the states of matter. The notes include the date '29th May 2020' and the title 'Properties of the states of matter'. The definitions are: 'Particle theory = all matter is made of particles', 'Solid = regular pattern particles vibrate in fixed position', 'Liquid = particles are arranged randomly but are still touching each other. Particles can slide past each other and move around.', and 'Gas = Particles are far apart and are arranged randomly. Particles carry a lot of energy'.

Step 4

Read the keywords/definitions/facts out loud to yourself again and again and write the keywords/definitions/facts at least 3 times.

Handwritten notes in a prep book repeating the definitions of the states of matter. The notes are: 'Solid = regular pattern particles vibrate in fixed position', 'Solid = regular pattern particles vibrate in fixed position', and 'Solid = regular pattern particles vibrate in fixed position'.

Step 5

Open your quizzable Knowledge Organiser. Write the missing words from your quizzable Knowledge organiser in your prep book.

This block shows a printed quizzable knowledge organiser for 'What is particle theory?' with handwritten answers in a prep book. The questions are: 'A. What is particle theory?', 'A. Describe the arrangement and movement of particles in the three states of matter.', and 'B. What are the different changes of state?'. The handwritten answers are: 'The theory that all matter is made up of particles.', 'Solid: Particles are arranged in a regular pattern. Particles vibrate in a fixed position. Liquid: Particles are arranged randomly but are still touching each other. Particles can slide past each other and move around. Gas: Particles are far apart and are arranged randomly. Particles carry a lot of energy and they move in all directions in a high speed.', and 'Melting, Freezing, Evaporation, Condensation'. A diagram shows the states of matter: solid, liquid, and gas, with arrows indicating transitions between them labeled with terms like 'melting', 'freezing', 'evaporation', and 'condensation'.

Step 6

Check your answers using your Knowledge Organiser. Repeat Steps 3 to 5 with any questions you got wrong until you are confident.

Handwritten notes in a prep book checking the definitions of the states of matter. The notes are: 'Particle theory = all matter is made of particles', 'Solid = regular pattern particles vibrate in fixed position', 'Liquid = particles are arranged randomly but are still touching each other. Particles can slide past each other and move around.', and 'Gas = Particles are far apart and are arranged randomly. Particles carry a lot of energy'.

Make sure you bring in your completed Prep notes to demonstrate that you have completed your prep.

Plot Summary

Act 1: **Hermia** and **Lysander** love each other but are not allowed to marry so decide to run away to the forest to get married in secret. **Demetrius** wants to marry **Hermia**. **Helena** loves **Demetrius**. They follow **Hermia** and **Lysander** into the forest.

Act 2: In the forest, Oberon and Titania are arguing. Oberon sees **Demetrius** and **Helena** arguing and commands Puck to use the potion on the Athenian man to make him fall in love with **Helena**. However, the first Athenian man Puck sees is **Lysander**, so he puts the love potion on him. **Lysander** falls madly in love with **Helena**.

Act 3: Puck sees Bottom in the forest and transformed his head into a donkey's head. He puts the love potion on Titania, who falls in love with Bottom. Puck puts the love potion on **Demetrius** so that he falls in love with **Helena**. As a result, both men love **Helena** so there is chaos. Puck eventually drops a herb in **Lysander's** eyes to put him back to normal.

Acts 4 and 5: Oberon finds Titania and Bottom and decides that he has had enough fun. Puck drops a herb in her eyes, she wakes and leaves with Oberon. The lovers return to Athens where Bottom and the other actors perform their play at the wedding of the three happy couples: Theseus and Hippolyta, **Lysander** and **Hermia** and **Demetrius** and **Helena**.

Who loves Whom

Who loves Whom

Hermia → Lysander
 Hermia → Demetrius
 Demetrius → Helena

Hermia → Lysander
 Hermia → Demetrius
 Demetrius → Helena

Hermia → Lysander
 Hermia → Demetrius
 Demetrius → Helena

Hermia → Lysander
 Hermia → Demetrius
 Demetrius → Helena

Year 7 English: Sets 2-5

Vocabulary: Key words

severe – very strict or harsh

conflict – a serious disagreement, battle or struggle between two sides or ideas.

unrequited love – If a person loves someone who doesn't love them back, the person's love is unrequited

to mock – To mock someone is to make fun of them

chaos – a situation where there is no order and everyone is confused

captivate - attract and hold the interest and attention of someone

infatuated - intense but short-lived passion for someone else

patriarchy – a society in which power lies with men

to resolve – to solve a problem or difficulty

forsaken - abandoned or deserted

Terminology: Key Words

soliloquy - a speech in a play that the character speaks to himself or herself or to the audience, rather than to the other characters

comedy – a type of play that is comical and ends with a happy ending.

play - a play is a piece of writing which is performed in the theatre.

stage directions - Instructions written into the script of a play

connotations – linked idea, meaning or feeling

epitomises – a perfect example of

Characters in AMND

Athenians

Theseus: The Duke of Athens and Hippolyta's fiancé (later husband).

Hippolyta: The Queen of the Amazons and Theseus's fiancé (later wife).

Egeus: Hermia's father.

Philostrate: Master of Revels for Theseus; in charge of arranging entertainments for the court.

The Lovers

Hermia: the daughter of Egeus and good friend of Helena.

Helena: in love with Demetrius and a good friend of Hermia.

Lysander: an Athenian nobleman who is in love with Hermia.

Demetrius: an Athenian nobleman who also loves Hermia but has wooed Helena in the past.

Fairies (Mythical characters)

Titania: The Queen of the Fairies and Oberon's wife.

Oberon: The King of the Fairies and Titania's husband.

Puck: Oberon's mischievous servant.

Peasebody/Cobweb/Mustard seed/Moth: Titania's fairies.

The workmen/theatre performers

Bottom: a weaver who believes he is a great actor.

Quince: a carpenter; writer and director of the play put on by his fellow workmen.

Snug/ Snout/Flute/Starveling: tradesmen and players in the theatre company performing the play 'Pyramus and Thisbe'.

Background Information of AMND

A *Midsummer Night's Dream* (AMND) was written by William Shakespeare in 1595.

Shakespeare wrote lots of light-hearted funny plays: Comedy's.

Shakespeare went to a grammar school where he was taught Ancient Greek.

Shakespeare was a poet and a play write. He wrote multiple plays that were performed in the Globe theatre in London.

His first theatre group was called Lord Chamberlain's Men, later changed to the King's Men (1603) under the patronage of King James I.

The play is set in Ancient Greece and follows the rules of a comedy from Ancient Greece.

When the play was written, Elizabeth 1st was Queen. The play is written in the Elizabethan era.

Both wealthy and poorer Elizabethan people went to the Globe to watch plays.

Cupid is the ancient god of love. He is usually presented as a baby whose arrows make people fall in love.

The Love Potion

The love potion is made from a flower in the forest. The flower is magical because Cupid hit it with his arrow when he was aiming at a young girl. When the potion is put on characters' eyes, they fall in love with the first person they see. It is very powerful.

'A Midsummer Night's Dream': T Knowledge Organiser

Plot Summary	Who loves Whom	Vocabulary: Key words	Characters in AMND
<u>Act 1:</u>		severe –	<u>Athenians</u> Theseus: _____
<u>Act 2:</u>		conflict –	Hippolyta: _____

What we are learning this term:

- A. Male & female reproductive system
- B. Menstruation, fertilisation, gestation and birth
- C. Plant reproductive systems
- D. Variation and types of variation

6 Key Words for this term

- | | |
|------------------|-----------------|
| 1. Gamete | 4. Menstrual |
| 2. Fertilisation | 5. Pollination |
| 3. Variation | 6. Reproduction |

A.	What are the parts of the female reproductive system?
Ovary	The organ where eggs are produced and where they mature ready for release each month
Oviduct	The small tube leading from each ovary to the uterus – the egg travels along here and fertilisation happens here
Uterus	The organ where an embryo grows into a foetus and eventually a baby
Uterus lining	The wall of the uterus
Cervix	A ring of tissue between the uterus and vagina; this helps keep a foetus in place during pregnancy
Vagina	The organ that is entered by the penis during sexual intercourse and also part of the birth canal

A.	What are the parts of the male reproductive system?
Testes	The organ where sperm cells are made
Scrotum	The skin that holds the testes
Sperm ducts	The tubes that carry sperm from the testes to the urethra
Glands	These add liquids, including nutrients for the sperm, to the sperm cells from the testes to make semen
Urethra	The tube that carries either urine or semen out of the body through the penis
Penis	The organ that enters the vagina during sexual intercourse
Foreskin	The skin that protects the end of the penis

A. What are the parts to the female reproductive system?

B. What is the menstrual cycle and what happens on each day?

The menstrual cycle prepares the female body for pregnancy by causing eggs to mature and be released. It lasts for 28 days.

- Days 1-5 • 'period' happens (menstruation), where uterus lining breaks down.
- Days 6-13 • Uterus lining builds up (thickens) to prepare for pregnancy. The egg (ovum) matures in the ovary
- Day 14 • Egg (ovum) released from the ovary and travels down the oviduct
- Days 15-28 • Uterus lining stays thick, in case the egg is fertilised

B. What is fertilisation?

Fertilisation is when a sperm cell and an ovum (egg) fuse. Sperm cells are released into the female reproductive system during sexual intercourse (ejaculation). One sperm cell breaks through the cell membrane and enters the ovum. The nuclei fuse together.

What are the parts to the egg and sperm cell?

A. What are the parts to the male reproductive system?

B. What is gestation?

The time when the embryo/foetus develops inside the womb between conception and birth.

B. What is the process of birth?

After pregnancy, the foetus is ready to be born.

- The muscles in the wall of the uterus contract, contractions get stronger and faster – 'labour'
- The amniotic sac breaks, which releases some liquid
- Contractions push the baby headfirst through the cervix and out through the vagina

What we are learning this term:

- A. Male & female reproductive system
- B. Menstruation, fertilisation, gestation and birth
- C. Plant reproductive systems
- D. Variation and types of variation

6 Key Words for this term

1.	4.
2.	5.
3.	6.

A.	What are the main parts of the female reproductive system?
Ovary	
Oviduct	
Uterus	
Uterus lining	
Cervix	
Vagina	

A.	What are the main parts of the male reproductive system?
Testes	
Scrotum	
Sperm ducts	
Glands	
Urethra	
Penis	
Foreskin	

A. What are the parts to the female reproductive system?

B. What is the menstrual cycle and what happens on each day?

Days 1-5	
Days 6-13	
Day 14	
Days 15-28	

A. What are the parts to the male reproductive system?

B. What is fertilisation?

What are the parts to the egg and sperm cell?

B. What is gestation?

B. What is the process of birth?

C.	What are the main parts of the plant reproductive system?
Pollen	The male gamete (sex cell)
Stigma	Structure that the pollen sticks to
Style	Connects the stigma to the ovary
Ovary	Produces and stores ovules
Ovule	The female gamete (sex cell)
Anther	Produces the pollen
Filament	Holds the anther to the edge of the flower
Pollen	The male gamete (sex cell)

C.	What is pollination & what are the 2 types?
<p>Pollination is the transfer of pollen from the anthers of one flower to the stigma of another</p> <ul style="list-style-type: none"> In wind pollination, the wind carries the pollen In insect pollination, insects carry the pollen. 	
C.	What is seed dispersal & what are 3 types of seed dispersal?
<p>Plants spread their seeds out so their offspring don't compete with them for light/soil nutrients.</p> <ul style="list-style-type: none"> By animals – they eat the fruit and release the seeds in their waste By wind – for example sycamore seeds By water – for example coconuts 	

C. How does fertilisation occur in plants?

The pollen makes a pollen tube down the style into the ovary. The nucleus of the pollen cell travels down the tube to get to the ovum and the cells join (fertilisation). The cell made when the pollen and ovum fuse will become a seed, which can become a new plant.

D. What are the two types of variation and what are examples of these?

Continuous variation		Discontinuous variation	
<ul style="list-style-type: none"> Variation which can have any value, within a range Due to a combination of environmental and inherited variation 		<ul style="list-style-type: none"> Variation with discrete (separate) categories Physical, it is usually inherited 	
Plant examples	Animal examples	Plant examples	Animal examples
Height Size of leaves	Height Skin/fur colour Size of horns	Flower colour e.g. pea plants have either white or red flowers	Eye colour Blood group Lobed/lobe-less ears

D. What is variation?

Differences between living things of the same species is called variation. It can be caused by environmental or genetic factors, or both.

	Plant examples	Animal examples
Inherited variation	Length of antlers	Eye colour
Environmental variation	Hydrangeas produce blue flowers in acidic soil and pink in alkaline soil	Muscle strength due to training
Variation caused by a combination of genes and environment	Height is the result of genes and nutrition	Skin colour is the result of genes and weather

What types of graph would you draw for continuous and discontinuous variation?

<p>Continuous variation: Line graphs Because it falls on a continuous spectrum it is represented using line graphs.</p>	<p>Discontinuous variation: Bar graphs Because of its categories, it is represented using bar graphs, such as this one for blood group</p>
--	---

C. What are the parts to the plant reproductive system?

C. What are the main parts of the female reproductive system?

Pollen	
Stigma	
Style	
Ovary	
Ovule	
Anther	
Filament	
Pollen	

C. What is pollination & what are the 2 types?

Blank space for student answer.

C. What is seed dispersal & what are 3 types of seed dispersal?

Blank space for student answer.

C. How does fertilisation occur in plants?

D. What are the two types of variation and what are examples of these?

Plant examples	Animal examples	Plant examples	Animal examples

D. What is variation?

	Plant examples	Animal examples
Inherited variation		
Environmental variation		
Variation caused by a combination of genes and environment		

What types of graph would you draw for continuous and discontinuous variation?

Continuous variation:

Discontinuous variation:

What we are learning this term:
A. Forces and force diagrams B. Balanced and unbalanced forces C. Pressure and gravity force D. Relationship between speed, distance and time E. Relative motion
2 Key Words for this term
1. Weight 2. Pressure

A. What are forces?

Forces are pushes or pulls. They can be balanced or unbalanced. If unbalanced they can change the shape of objects and change the way they are moving.

A. What are forces measured in?

Newtons.

A. What are forces need for?

To cause objects to stop or start moving, to speed it up or slow it down. To change an objects direction. To change an objects shape.

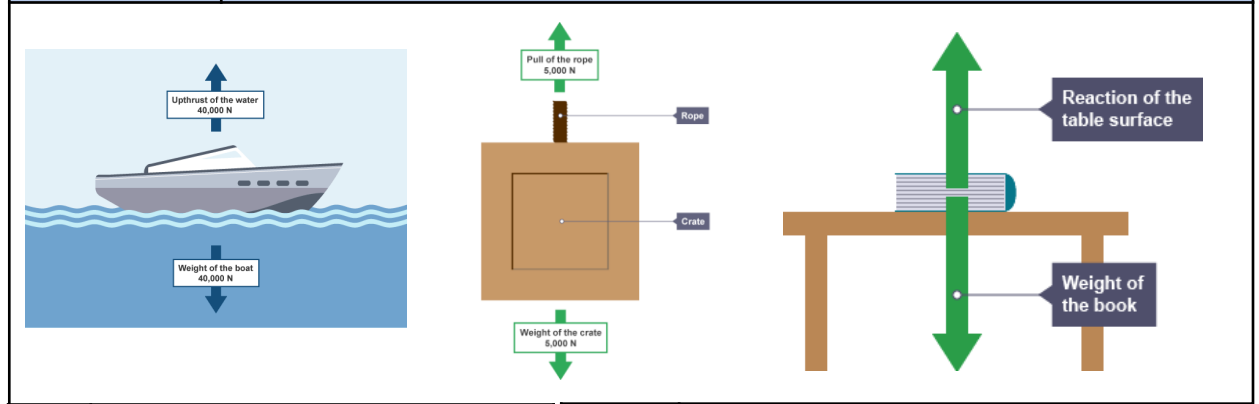

B. What is an object doing if it has balanced forces?

It either stays stationary or travelling at the same speed and direction.

B. What is an object doing if it has unbalanced forces?

A stationary object starts to move in the direction of the resultant force, or a moving object changes speed and/or direction in the direction of the resultant force

A. What do the arrows show on this force diagram?

A. What is friction?

A force between two surfaces that are sliding, or trying to slide, across each other.

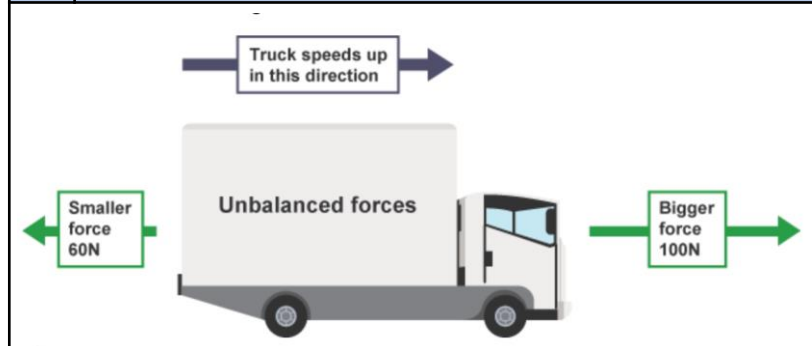

A. What are force arrows and what do they show?

Forces have a size and a direction. This means we show forces with arrows. The length of the arrows shows how large the force is. The direction the arrow points shows the direction the force pushes or pulls.

A. What do the arrows show on this force diagram?

B. Which direction do objects move if the force is unbalanced?

A. What is air resistance?

The forces that are opposite to the direction of movement of an object as it passes through the air. Friction between air and the material.

A. What is water resistance?

A type of force that uses friction to slow things down that are moving through water.

What we are learning this term:

- A. Forces and force diagrams
- B. Balanced and unbalanced forces
- C. Pressure and gravity force
- D. Relationship between speed, distance and time
- E. Relative motion

2 Key Words for this term

1. Weight
2. Pressure

A. What are forces?

A. What are forces measured in?

A. What are forces need for?

B. What is an object doing if it has balanced forces?

B. What is an object doing if it has unbalanced forces?

A. What do the arrows show on this force diagram?

A. What is friction?

A. What are force arrows and what do they show?

A. What do the arrows show on this force diagram?

B. Which direction do objects move if the force is unbalanced?

A. What is air resistance?

A. What is water resistance?

7.05: World of work

Background

- A** The world of work can be classified into four different employment sectors.
- B** Many factors influence the type of employment sector which will be found within a particular country.
- C** Industrial location is influenced by some key factors, which are more important for some industries in comparison to others.
- D** Employment structure within countries varies based upon the level of development.
- E** Trade, imports and exports.
- F** Employment sectors and impact of industry in Russia.

A) Employment sectors

1	employment	(n) when people are in work, receiving a wage and paying tax.
2	unemployment	(n) when people are not in work, therefore do not receive a wage and do not pay tax.
3	primary industries	(n) industries which collect or extract natural resources from the environment, such as farming or fishing.
4	secondary industries	(n) industries which manufacture goods into products, such as builders, car manufacturers or food processing
5	tertiary industries	(n) industries that provide a service, such as teachers, doctors, sales, hairdressers or bus drivers.
6	quaternary industries	(n) industries that involve using technology, design and research, including computer scientists, game designers, computer engineers and research scientists.

B) Influences on employment structures

1	industrialisation	(n) a move from primary employment to secondary employment, with a rise in manufacturing.
2	mechanisation	(n) when machinery begins to do the jobs which once required humans.
3	disposable income	(n) the money a person has left to spend after they have paid all their bills.
4	public services	(n) a service that is given or funded for the benefit of the community.

C) The location of industries

1	site	(n) the actual place where a settlement first grew up. This refers mainly to its physical setting.
2	situation	(n) the location of a place relative to other features nearby.
3	footloose	(adj) industries which are not tied to a specific location and can operate from anywhere.
4	raw materials	(n) natural resources that are used to make other things.
5	labour	(n) workers, employed people.
6	market	(n) a place where things are bought and sold.

E) Trade

1	trade	(n) the exchange of goods and materials between countries.
2	import	(v) goods brought into a country.
3	export	(v) sending goods to another country for sale.
4	trade bloc	(n) an arrangement in which participant countries lower trade barriers with one another.
5	tariff	(n) a tax imposed on goods when they are imported or exported between countries.

D) Employment structures and development

Countries	Industries
developing countries	Large primary sector, growing secondary sector and a moderate tertiary sector.
emerging countries	large secondary sector, rapidly falling primary sector and growing tertiary sector.
developed countries	A large tertiary sector, a growing quaternary sector, both secondary and primary employment is low.
Change	Cause
Falling primary and secondary sector	1. Cheaper to import. 2. Mechanisation has taken jobs. 3. Raw materials have been exhausted in certain areas.
Growing tertiary sector	1. Disposable income has increased, so a greater demand for services. 2. A large public sector e.g. health and education, due to a high tax revenue.

F) Case study: World of work in Russia

Factors effecting trade in Russia	
Opportunities	Challenges
With a working population of over 75 million people, Russia has one of the largest workforces in the world.	Russia is at war with Ukraine which affects international relationships.
The Steppe and temperate woodlands of western Russia are fertile and flat.	Russia has the largest land mass of any country.
Russia has an extensive network of roads, railways, ports and pipelines.	Russia does not have a warm water port.
Russia has vast reserves of natural resources including oil and natural gas.	Many countries aim to buy and use less oil and natural gas in the future to mitigate the effects of climate change.
Russia's education system puts a strong focus on science, technology, engineering and maths (STEM).	

7.05: World of work

Opportunities	Challenges

Year 7 History : Challenges to medieval kings

What we are learning this term:
How similar were the challenges to medieval kings and how well did the monarchs deal with them?
A. Keywords /
B. <i>Disagreements between Becket and King Henry II – a religious challenge</i>
C. King John, the Barons and Magna Carta – a political challenge
D. Comparing the reigns of King John, Henry II and Richard II
E. King Richard II and causes of the Peasants Revolt

A.	<i>Can you define these key words?</i>
Epidemic	a widespread outbreak of an infectious disease
Leniency	Being merciful or tolerant towards someone
Pardons	Letters from a king forgiving a person for a crime.
Statute	a law
Martyr	Somebody who is willing to die for their beliefs.
Political	referring to politics (eg. Who is in charge, who has power, the king, parliament, barons ect.)
Social	Referring to people's lives (living conditions, wages, access to food and housing ect.)
Religious	Referring to religion (different religions, priests, popes, bishops, catholic, protestant ect.)
Interdict	The Pope banning all religious services in a country as a punishment for supposed sinful activity committed in that country or by its ruler
Labour Service	Free labour peasants were expected to do for knights and barons
Coronation	To crown someone to be the new king. In medieval England this could be done before the previous king had died.
Benefits of the clergy	The right for priests to be tried in church courts, avoiding the harsh penalties in normal courts
Miasma	The idea that disease is caused by foul smelling air.

B.	<i>Disagreements between Becket and King Henry II – a religious challenge</i>
Banning of Church Courts	Henry II wanted to get rid of the church courts and appointed his friend Thomas Becket as Archbishop of Canterbury to do so in 1162. However once Thomas became Archbishop, he became very religious and refused to get rid of them.
Coronation of the king's son	After the argument over church courts Becket fled to France in 1164, as he feared for his life. King Henry II wanted to have his son Richard I crowned to be the next king. However he needed the archbishop of Canterbury to do it. With Becket out of the country Henry II got other bishops to do the job instead.
Excommunication of the bishops	In 1170 Becket and Henry made up and Becket returned to England. However once he returned, he excommunicated the other bishops. This made Henry II very angry and he shouted, "will no one rid me of this troublesome priest?". This led to four knights going to Canterbury and murdering Thomas Becket.

E.	Comparing the reigns of King John, Henry II and Richard II	
	Similarities	Differences
Religious	King John and Henry II both had issues with the church. John wanted to abolish church courts and Henry wanted to choose his bishops	However these were for different reasons: <ul style="list-style-type: none"> Henry II wanted control of the church courts and had conflict with Becket the Archbishop of Canterbury. This led to the bishops who had crowned Henry's son Richard got excommunicated as a punishment from the church. John fought with the Pope over who to appoint Archbishop of Canterbury. This led to the Pope excommunicating him and putting England under interdict
Political	In all 3 cases there are conflicts/ violence brought about because people are challenging the absolute (complete) power of the kings. This has come from 3 different sources: the barons, the people and the church.	<ul style="list-style-type: none"> King John and the Barons – King John is the only medieval king who had a direct political conflict. This was with the Barons who demanded that they be treated better and made attempts to limit the power of the king through Magna Carta.
Social	King John, King Henry and Richard II all lost social support but for a variety of different reasons	<ul style="list-style-type: none"> King John – lost social support due to losing land and wars in France and also due to the supposed 'murder' of his nephew. This meant that backing was behind the Barons. Henry II – lost support after public death of Becket (was whipped at Becket's tomb as punishment) Richard – Poll Tax, Labour Service and limiting wages after the Black Death all contributed to the Peasants' Revolt.
Key individuals		
Henry II – King from 1154, tried to bring the Church under royal control leading to Thomas Becket's (Archbishop of Canterbury) murder. Eleanor of Aquitaine – Queen married to Henry II, she ruled England while Henry was away. John I – King 1199 who was unpopular with his barons who rebelled against him. Signed the Magna Carta 1215. Richard II – King 1377 and was 10 years old as King during the peasant's revolt. Wat Tyler – Leader of the rebels during the Peasants revolt in 1381.		

C.	King John, the Barons and Magna Carta – a political challenge
What mistakes did King John make that led to the barons rebelling.	John had lost many wars with France which made him look weak (he had the nicknames lackland and soft sword). These defeats meant that the barons lost land they owned in France. John kept asking for a number of taxes to pay for his wars which he carried on losing. John was seen a cruel man – he made blind monks homeless and may have murdered his nephew. John fell out with the pope over who got to promote bishops. This led to England being placed under interdict meaning all church was cancelled. The barons feared for their souls and was angry with John. John started fining the barons for many different things and made them pay large taxes when they inherited land.
What were the key points of Magna Carta?	<u>Short term</u> <ul style="list-style-type: none"> a £100 limit on the tax barons had to pay to inherit their lands the king could not sell or deny justice to anyone the royal forests were to be reduced in size an heir could not be made to marry someone of a lower social class foreign knights had to be deported no-one could be arrested on the accusation of a woman <u>Long term</u> Eventually it gave everyone freedoms such as stopping people being arrested for no reason
Why is it still relevant today?	Still forms parts of English law. Additionally most see it as the basis of rights and freedoms so countries such as Australia and the USA include parts of it in their constitutions.

D.	King Richard II and causes of the Peasants Revolt
<i>Labour Services</i>	Ever since 1066 most peasants (known as villains) had to do free labour services their local lords (knights and barons). Some peasants, known as freeman, did not want to do this work. Peasants wanted everyone to become freeman ending the free labour they had to do for their lords.
<i>The impact of the Black Death on wages</i>	The Black Death had killed around 40% of the population of England in 1348. This meant that there was a severe labour shortage. Now the peasants were in demand they could demand more money for their work. The barons were upset by this and got King Richard II to pass a law limiting how much a peasant could earn and banned them from declining to do work for this low amount of pay. This made the peasants angry as they now had their earnings greatly reduced.
<i>Poll taxes</i>	Between the years 1377 and 1381 the king demanded a number of Poll Taxes to fund his losing war with the French. These meant everyone over 15 had to pay a tax and impacted the poorest in society most of all. The tax of 1381 was partially bad demanding 4 pence per person over 15.

Year 7 History : Challenges to medieval kings

What we are learning this term:

How similar were the challenges to medieval kings and how well did the monarchs deal with them?

A. Keywords
 B. *Disagreements between Becket and King Henry II – a religious challenge*
 C. King John, the Barons and Magna Carta – a political challenge
 D. Comparing the reigns of King John, Henry II and Richard II
 E. King Richard II and causes of the Peasants Revolt

A.	Can you define these key words?
Epidemic	
Leniency	
Pardons	
Statute	
Martyr	
Political	
Social	
Religious	
Interdict	
Labour Service	
Coronation	
Benefits of the clergy	
Miasma	

D.	Comparing the reigns of King John, Henry II and Richard II	
	Similarities	Differences
Religious		
Political		
Social		

Key individuals

Henry II – King from 1154, tried to bring the Church under royal control leading to Thomas Becket's (Archbishop of Canterbury) murder.
 Eleanor of Aquitaine – Queen married to Henry II, she ruled England while Henry was away.
 John I – King 1199 who was unpopular with his barons who rebelled against him. Signed the Magna Carta 1215.
 Richard II – King 1377 and was 10 years old as King during the peasant's revolt.
 Wat Tyler – Leader of the rebels during the Peasants revolt in 1381.

C.	King John, the Barons and Magna Carta – a political challenge
What mistakes did King John make that led to the barons rebelling.	
What were the key points of Magna Carta?	
Why is it still relevant today?	

B.	<i>Disagreements between Becket and King Henry II – a religious challenge</i>
Banning of Church Courts	
Coronation of the king's son	
Excommunication of the bishops	

E.	King Richard II and causes of the Peasants Revolt
<i>Labour Services</i>	
<i>The impact of the Black Death on wages</i>	
<i>Poll taxes</i>	

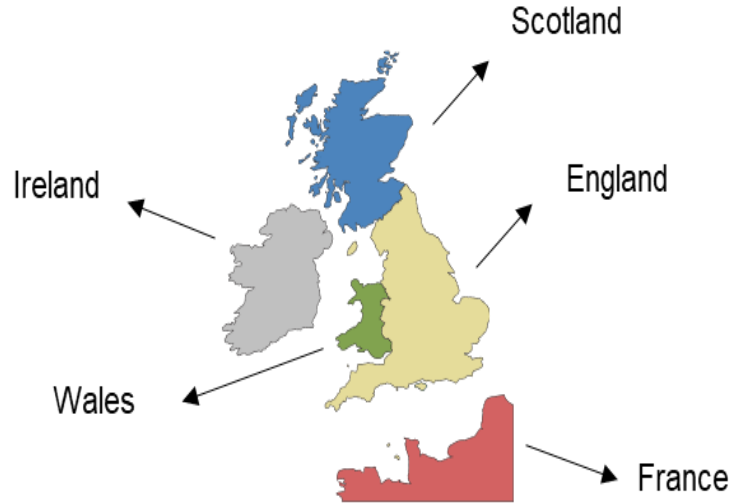

Year 7 History : England and her neighbours

What we are learning this term:

What was England's relationship like with its neighbours and how this impacted the country.

- A. Keywords
- B. *The relationships between England and her neighbours.*
- C. The actions and influences of key individuals during this time.
- D. The links between heritage and locations, being linked to something or somewhere.

A.	Can you define these key words?
Artillery	Very large guns, in this period this included gunpowder cannons that fire long distances.
Hatchet	Single handed wooden axe with a handle
Heresy	A belief that goes against the teachings of the Church
Homage	Special honour or respect paid to someone in public or private
Lance	A spear used by soliders on horseback
Mace	A type of blunt weapon used for close combat
Polearms	A sharp bladed handheld weapon on a wooden pole
Relations	A way in which two people or countries behave towards one another.
Resistance	Refusal to obey or accept something
Siege	A military act of surrounding a city or base, attacking it, and cutting off supplies. The goal of a siege is to force the city or base to surrender/.

Key individuals

Henry III – King from 1216-1272 his poor and weak rule contributed to the second Barons war in 1264-67
 Edward I – King following his father Henry III antagonized and started war with Llywelyn after imprisoning his bride-to-be.
 Alexander III – 1249 – 1286 He is well known for his capture of the western isles previously held by Norway.
 William Wallace – Commander of the Scottish army at Stirling Bridge. He defeated the English and was knighted "Guardian of Scotland."

Power

The control a person or group has in a country.

For example, resistance grew in Scotland by people such as William Wallace and Robert Bruce.

This includes threads such as succession, warfare, protest, democracy, crime and punishment.

Identity

The qualities and characteristics that make a person who they are and what they value as important.

For example, Joan of Arc inspired French troops.

This includes threads such as the role of women.

Connectivity

The act of joining or being linked to somewhere, someone or something else.

For example, the people who lived in medieval Wales were mostly descendants of Celtic Britons who migrated during the Anglo-Saxon period.

This includes threads such as migration.

Hatchet

Mace

Lance

Polearm

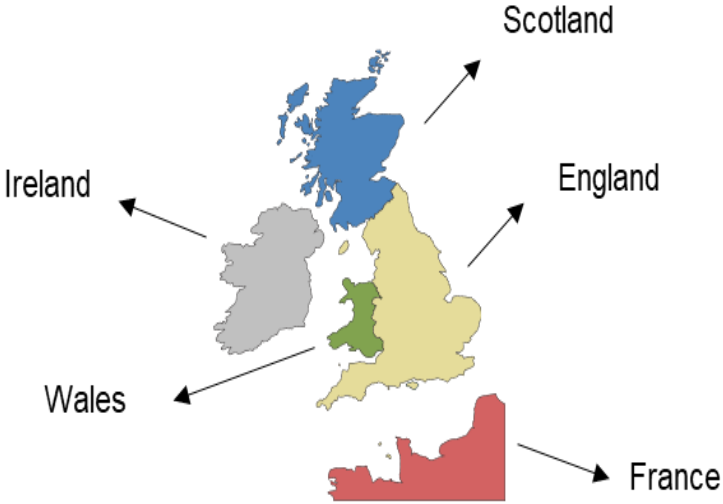

E.

Causes of the 100 year war

<i>Land in France</i>	The English controlled a lot of land in France that was used to produce Wine. This made the English a lot of money, but the French were threatening to take it back.
<i>Control of Flanders</i>	The English controlled Flanders where a lot of wool was made benefitting the English. Yet again, the French were threatening to take their land back from the English.
<i>French Succession</i>	Charles IV had died without an heir, so Edward III attempted to claim the French throne as his mother was Charles' sister. Philip of Valois, Charles Cousin was crowned instead by authorities.

Land in France	
Control of Flanders	
French Succession	

7.03: Judaism

Key Vocabulary

1	Abraham	The founder of Judaism and husband of Sara.
2	Covenant	An agreement between two sides (between humans and God).
3	Sara	Female leader, mother of nations and wife of Abraham.
4	Isaac	The son of Abraham and Sara.
5	Moses	Leader who freed the Israelites from slavery and was given the 10 commandments.
6	Miriam	Prophetess who helped her brother Moses lead the Israelites out of slavery.
7	Exodus	A book in the Bible which tells the story of the Israelites being freed from slavery.
8	Ten Commandments	Ten rules given to Moses by God about how humans should behave.
9	Esther	A Jewish queen who saved her people from a plot to destroy them.
10	Monotheism	The belief that there is only one God.
11	Shema	An important prayer, declaring the oneness of God.
12	Messiah	A future Jewish king who is expected to bring peace.
13	Genesis	A book in the Bible which describes the creation of the world.
14	Mitzvot	613 rules in the Torah which guide Jews in their behaviour.
15	Tikkun Olam	"Repairing the world", encouraging actions that improve society and bring justice.
16	Synagogue	A Jewish place of worship, study and community.
17	Bar/Bat Mitzvah	Coming of age ceremony (Bar Mitzvah for boys and Bat Mitzvah for girls).
18	Pesach/Passover	A Jewish holiday which commemorates the Exodus story.
19	Shabbat	A day of rest and worship observed from Friday evening to Saturday evening.
20	Orthodox	A branch of Judaism that follows traditional beliefs, laws and practices.
21	Reform	A branch of Judaism that adapts traditional beliefs, laws and practices to fit modern life.
22	Prophecy	A message given to humans from God, usually to a prophet.

Holy Books introduced

The Tanakh	Hebrew Bible, which includes three parts: the Torah, Nevi'im and Ketuvim.
The Torah	Holiest scripture for Judaism. The word means "law" in Hebrew. Written by Moses. Also important in Christianity and Islam.
Nevi'im	Contains books of the Prophets, which tell the history of Israel God's messages through the prophets.
Ketuvim	Contains various writings, including poetry, wisdom literature and historical accounts.
Talmud	Contains discussions and interpretations of the Torah, which guides Jewish law and practice.

Tools for Studying Religion

Theology is the study of God and ideas about God. Theologians look at how ideas about God influence beliefs in religions and the actions people will do.

Social Scientists use evidence to see how people are influenced by society. Social Scientists look at patterns in what people believe about God and how this may change due to time and place.

G. Translation Practice	
I go to the beach	V a l p
We go to the stadium	V a e
They go to the park	V a p
I go to the sports centre	V a p
I live in quite a small town	v e u p b p
I live in a big city	V e u c g
There is a train station and a museum	H u e d t y u m
But there isn't a river	P n h r
There is a school but there isn't a square	H u i p n h p
It's an industrial city and very historic.	E u c m i y m h
It's in the north of the country and is a very noisy city.	E e e n d p y e u c m r
It has a port and lots of factories but there isn't a bullring.	T u p y m f p n h p d t
It's an old town	E u p a
It's a historic city	E u c h
It's in the south of the country	E e e l d p
There are lots of things to do	H m c q h
It has lots of beaches and museums	T m p y m
I love my city because there are lots of things to do	M e m c p h m c q h

H. Key Questions: Answer the following in your own words. Use these model answers	
¿Dónde vives? Where do you live?	Vivo en una casa grande en una ciudad que se llama Swindon. Swindon esta en el sur de Inglaterra.
¿Qué hay en tu pueblo? What is in your town?	Mi pueblo es bastante grande. En mi pueblo, hay una estación de trenes, dos polideportivos, muchas casas pero no hay playa. Necesitamos un aeropuerto.
¿Cómo es tu pueblo? What is your town like?	Es una ciudad industria. Es muy antigua y histórica pero no es tranquila. Es un poco turística porque hay un museo y un centro comercial grande.
¿Cómo sería tu pueblo ideal? What would your ideal town be like?	Si fuera rico/a, me gustaría vivir en una ciudad grande en España. Me gustaría vivir en Barcelona en España porque es una ciudad muy turística, bonita y tiene una playa.

I. Key Questions: Translate these model answers using the KO	
¿Dónde vives? Where do you live?	I live in Portsmouth near to the sea. I live in a small house. I love my house because it's very cosy. Portsmouth is in the south of England.
¿Qué hay en tu pueblo? What is in your town?	In my town we have a lot of parks, a cathedral and 3 cinemas. There is a main square, a bullring and many markets. My town does not have an airport but it does have a port. In the future there is going to be a new school and an airport.
¿Cómo es tu pueblo? What is your town like?	My town is very small but very lively. There are a lot of tourists because my town is very near to the sea. In the summer there is a lot of traffic in my town. In the winter my town is very quiet.
¿Cómo sería tu pueblo ideal? What would your ideal town be like?	My ideal town would be very modern with lots of people. It would be very quiet with not much traffic. My ideal town would be pretty with lots of shops and lots of parks.

J. Key Grammar	
Use the verb ESTAR to talk about location	Mi casa está en Swindon = My house is in Swindon
Make sure adjectives agree e.g. blanco/blanca/blancos/blancas	Mi casa es blanca = My house is white Mi perro es blanco = My dog is white Mis zapatos son blancos = My shoes are white Las mesas son blancas = The tables are white
Justify opinions with because	Me gusta mi casa porque es blanca = I like my house because it's white
Saying 'to the'	Use AL or A LA (a + el = al) Al museo A la playa

What we are learning this term:

- A. About the illustrator Ernst Haeckel and his work
- B. How to use the grid method for accuracy
- C. Drawing from observation of primary sources
- D. How to work using oil pastels
- E. How to make a simple clay pinch pot
- F. How to decorate clay using glazes and oxides
- G. What is texture
- H. How to produce a mixed media outcome

A. Who is Ernst Haeckel and what are the characteristics of his work?

Who? philosopher, physician, professor, marine biologist, and artist who discovered, described and named thousands of new species,

What? Beautifully detailed natural history illustrations depicting mostly marine life

Why? To document and record newly discovered species of animals and plants

Key word	Key definition
illustration 	a drawing, painting or printed work of art which visually represents or explains something
observation 	the action of closely looking at something
source 	Where something originates from
texture 	the feel or appearance of a surface
tone 	Lightness and darkness within an artwork
outcome 	The final piece produced as a result of an art project

B. How to use the Grid Method for accurate drawing

- 1) Use a ruler to draw an equally spaced grid onto your image
- 2) Draw an identical grid **LIGHTLY** onto paper
- 3) Draw in the main **outlines** of your image, focusing on one square at a time Use a ruler to help you **measure** the positioning of lines if needed
- 4) Add main details before erasing the grid on the paper
- 5) Add fine **details** and build in **tone**

C. Drawing primary sources from observation

Drawing from a primary source means drawing something from real life

Observe the objects closely

Lay out the basic shape(s) you can see

Refine and add detail

Add tone to show how light is hitting the object(s)

F. How to use glazes and oxides

oxide

Powder made from minerals

Mixed with water and applied to the bisque fired clay

Highlights the texture in the clay surface

Can be applied thickly or thinly to get different effects

glaze

Coloured liquid applied to bisque fired clay

Can be applied with or over oxides

Gives the clay a shiny finished once fired a second time

Usually applied in layers

H. How to produce a mixed media outcome

A mixed media artwork uses multiple different materials rather than just one

We used collage, ink and pen to create ours

Step 1	Lay out your drawing using pencil lightly
Step 2	Add newspaper collage
Step 3	Apply an ink wash using varied colours
Step 4	Add tissue paper collage over the wash in places
Step 5	Use black ink or pen to go over your drawing, adding detail and texture using mark making

D. How to work using oil pastels

Oil pastels are bright, oil-based crayon that is used as a painting and drawing medium

Oil pastels can be applied thickly, overlapping to blend colours.

White can also be used to blend.

Clean the end of the pastel to avoid colour contamination

E. What is a pinch pot and how to make one

A pinch pot is A small vessel created inserting the thumb into a ball of clay then through 'pinching' the clay into the desired shape.

A successful pinch pot has even thickness walls, and a smooth finish.

The wet clay can be decorated by additive or subtractive methods

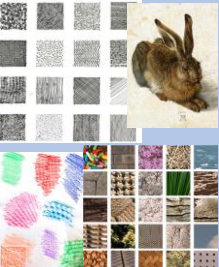

G. What is texture?

Texture is the surface quality of a particular surface – how it feels to the touch

Actual texture is what it actually feels like

Visual or implied texture is when a surface appears to have texture but in reality it doesn't

What we are learning this term:

- A. About the illustrator Ernst Haeckel and his work
- B. How to use the grid method for accuracy
- C. Drawing from observation of primary sources 
- D. How to work using oil pastels
- E. How to make a simple clay pinch pot 
- F. How to decorate clay using glazes and oxides
- G. What is texture
- H. How to produce a mixed media outcome

A. Who is Ernst Haeckel and what are the characteristics of his work?

Who? _____

What? _____

Why? _____

Key word	Key definition
illustration 	
observation 	
source 	
texture 	
tone 	
outcome 	

B. How to use the Grid Method for accurate drawing

- 1) Use a to draw an equally spaced grid onto your image
- 2) Draw an identical grid onto paper
- 3) Draw in the main of your image, focusing on one square at a time Use a ruler to help you the positioning of lines if needed
- 4) Add main details before the grid on the paper
- 5) Add fine and build in

C. Drawing primary sources from observation

Drawing from a primary source means.....

Observe the objects

Lay out the basicyou can see

.....and add

Add to show how light is hitting the object(s)

F. How to use glazes and oxides

oxide  Powder made from Mixed withand applied to the bisque fired clay Highlights the in the clay surface Can be appliedor to get different effects

glaze  Coloured liquid applied to bisque fired clay Can be applied with or over oxides Gives the clay a shiny finished once fired a second time Usually applied in layers

H. How to produce a mixed media outcome

A mixed media artwork uses multiple different materials rather than just one

We used collage, ink and pen to create ours

Step 1 _____

Step 2 _____

Step 3 _____

Step 4 _____

Step 5 _____

D. How to work using oil pastels

 Oil pastels are bright, oil-based crayon that is used as a painting and drawing medium

Oil pastels can be applied thickly, overlapping to blend colours.

White can also be used to blend.

Clean the end of the pastel to avoid colour contamination

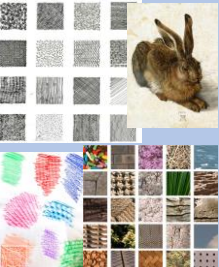

E. What is a pinch pot and how to make one

 A pinch pot is

A successful pinch pot has

The wet clay can be decorated by

G. What is texture?

 Texture is

Actual texture is

Visual or implied texture is

What we are learning this term:

A. Workshop Tools B. Materials C. Modelling D. Key Words E. Evaluating Work

A. Workshop Tools						
Steel Rule	Wooden Vice	Clamp	Bench Hook	Tenon Saw	Pillar Drill	Bandfacer

B. Materials	
Timbers come from trees	
	<p>Scots pine – which you used for your maze frame – is a softwood</p> <p>Softwoods come in planks and boards</p>
Manufactured Boards come from wood pulp	
	<p>Plywood – which you used as your base, insert and maze walls – is a manufactured board</p> <p>Manufactured Boards come in sheets</p>

Polymers come from crude oil	
	<p>Acrylic – which you used as your lid for your maze – is a polymer</p> <p>Polymers come in sheets, graduals and filament</p>

C. Modelling		
Creating a 3D representation of your product before you manufacture it.		
You can use a variety of different materials and computer programs to create a mock up model or prototype such as;		
Cardboard	Foamboard	Scrap Wood
3D Printing	2D Design	Solidworks
Modelling is used to test a product before manufacture, to see what works and what doesn't.		
Advantages		Disadvantages
Allows a designer to physically handle or view from all sides		Can be time-consuming and complicated
Changes can be made quickly and easily		Testing can be unreliable as they don't use the same materials as the end product

D. Key Words	
Specification 	A specific list of things that your product should be or do.
Modelling 	A way of making a 3D representations of your proposed design. To see what went well and how it can be improved.
Sustainable 	Limited negative impact on the environment.
Manufacture 	Making a product using tools and machinery.

E. Evaluation of Products	
Evaluate 	To judge and give an opinion.
Designers will evaluate their products to see what works well and what doesn't. This way they can make any improvements on their current designs to ensure a high-quality product.	
When writing an evaluation it is important to include the following three things:	
<ol style="list-style-type: none"> Positives – what works well Negatives – what doesn't work well Possible improvements – how could you make it better? 	
For example:	
My maze looks really fun and challenging to play. However, when tested the model version of my game, it was too difficult to complete. One improvement I could make is by taking away some of the traps or moving some of the walls around, so that it is more fun to play.	

What we are learning this term:
A. Workshop Tools B. Materials C. Modelling D. Data Analysis & Evaluation

A. Workshop Tools

--	--	--	--	--	--	--

B. Materials

Timbers come from _____

	<p>Scots pine – which you used for your maze frame – is a softwood</p> <p>Softwoods come in _____ and _____</p>
--	--

Manufactured Boards come from _____

	<p>Plywood – which you used as your base, insert and maze walls – is a manufactured board</p> <p>Manufactured Boards come in _____</p>
--	---

Polymers come from _____

	<p>Acrylic – which you used as your lid for your maze – is a polymer</p> <p>Polymers come in _____, _____ and _____</p>
--	--

C. Modelling

Creating a _____ before you manufacture it.

You can use a variety of different materials and computer programs to create a mock up model or _____ such as;

Modelling is used to _____ before manufacture, to see what works and what doesn't.

Advantages	Disadvantages

D. Key Words

Specification 	_____
Modelling 	_____
Sustainable 	_____
Manufacture 	_____

E. Evaluation of Products

Evaluate _____

Think back to your completed handheld maze hand game. Evaluate one positive aspect of it, one negative aspect of it and an improvement you would like to have made if you had time.

- Possible sentence starters:**
- One thing that was successful.....
 - One thing that I had issues with was.....
 - If I had more time, I could improve this by.....

B.	What are the 5 different sections of the Eatwell plate?
<ol style="list-style-type: none"> 1 Fruit and Vegetables 2 Carbohydrates 3 Protein 4 Dairy 5 Fats and Oils 	

A.	What nutritional foods are in the top picture? Can you list 5 of the food that you can see?
<p>In this photo you can see a number of protein foods. Protein helps our muscles and cells to grow and repair. Some examples in this photo include:</p> <ol style="list-style-type: none"> 1. Chicken 2. Eggs 3. Nuts 4. Cheese 5. Salmon 	
B. What nutritional foods are in the bottom picture? Can you list 5 of the food that you can see?	
<p>In this photo you can see a number of carbohydrate foods. Carbohydrates give out body energy. Some examples in this photo include:</p> <ol style="list-style-type: none"> 1. Bread 2. Pasta 3. Rice 4. Potatoes 5. Bananas 	

E.	Keywords
Hygiene	A method of keeping yourself and equipment clean
Research	Information that you find out to help you with a project
Cuisine	Food from a different country
Target Market	The age or type of person you are creating a product for.
Carbohydrates	Foods that give you energy
Protein	Food that grow and repair your muscles
Fibre	Foods that keep your digestive system healthy and avoid constipation.
Calcium	Foods that make your teeth and bones strong
Design Idea	A sketch or plan of how you are hoping a project to turn out.
Organisation	Having everything ready for a lesson and following instructions
Time keeping	Using the time to remain organised.
Sensory analysis	Use your senses to taste and describe a product
Mood Board	A collage of photos and key words based on a project

What we are learning this term:
<ol style="list-style-type: none"> A. Health, safety and hygiene in the kitchen B. The Eatwell guide and nutrients C. Design Ideas D. Weighing E. Practical skills F. Evaluation Work

6 Key Words for this term						
<table style="width: 100%;"> <tr> <td>1 Hygiene</td> <td>4 Cuisine</td> </tr> <tr> <td>2 Health</td> <td>5 Sensory Analysis</td> </tr> <tr> <td>3 Food Poisoning</td> <td>6 Preparation</td> </tr> </table>	1 Hygiene	4 Cuisine	2 Health	5 Sensory Analysis	3 Food Poisoning	6 Preparation
1 Hygiene	4 Cuisine					
2 Health	5 Sensory Analysis					
3 Food Poisoning	6 Preparation					

A.	What are the three main nutrients required in the diet?
Carbohydrates	Foods that are eaten to give the body energy
Protein	Food that are eaten to build and repair muscles and cells
Fats	Food that are eaten to protect your vital organs and insulate your body

C.	Can you list 5 health, safety and hygiene rules and explain the importance of them?
<u>Rule</u>	<u>Why it is important</u>
<ul style="list-style-type: none"> • 1 Wash your hands in hot soapy water • 2 tie back your hair • 3 wear an apron • 4 use oven gloves when handling hot food • 5 wash your hands after handling meat 	<ul style="list-style-type: none"> • 1 to kills germs and bacteria • 2 to stop hair getting into the food • 3 to protect yourself and your food from contamination • 4 to avoid burning yourself • 5 to avoid giving yourself or others food poisoning

Year 7 Term 1 : Topic = Healthy Eating and High Skills

What we are learning this term:

- A. Health, safety and hygiene in the kitchen
- B. The Eatwell guide and nutrients
- C. Design Ideas
- D. Weighing
- E. Practical skills
- F. Evaluation Work

YEAR 7 GRAPHIC COMMUNICATION

What are we learning this term?

A Personification	B Typography	C Computer skills	D Key words	E Evaluation
-------------------	--------------	-------------------	-------------	--------------

A | Personification

What is personification?

Personification makes sentences more exciting by:

- describing objects as if they are *people*
- describing objects as if they have *feelings*

How does Paul Thurlby use personification?

Paul Thurlby personifies his letters by giving the turning the letters that he works with into characteristics so that you can clearly see an emotion.

D | Key words

Graphics	Visual images or designs on a surface which communicate a message such as a brand advertisement or logo.
Typography	The arrangement of type to make written language legible.
Font	The term 'font' refers to a specific style of typeface such as its size and weight, it can come in regular, bold or <i>italic</i> .
Photoshop	A software for editing photos and graphics. It is used for image editing, making illustrations or web design.

B | Draw the letter A in the following font styles. Write the description of the font style too.

Serif: Serif is a traditional style font. It usually has flicks on the end of each letter.	
Sans Serif: Sans serif fonts are modern in style; Sans serif fonts good for large pieces of text.	
Script: Script font often resembles everyday handwriting.	
Decorative: decorative fonts are unique in style and have an artistic flair. They are often hard to read.	

C | Computer skills

What is the shortcut for copy?

Ctrl + C

What is the shortcut for paste?

Ctrl + V

What does this symbol stand for?

Photoshop

What does this symbol mean?

Cropping

E | Evaluation

Evaluation: To judge or give an opinion

Designers will evaluate their products to see what works well and what doesn't. This way they can make any improvements on their current designs to ensure a high-quality product.

When writing an evaluation it is important to include the following three things:

1. Positives – what works well
2. Negatives – what doesn't work well
3. Possible improvements – how could you make it better?

For example:

My word sticker looks great, the colours are bright which appeals to the audience. However, some of the letters are hard to read. One improvement I could make is to simplify the personification on some of the letters to make the final word clearer and easier to read.

YEAR 7 GRAPHIC COMMUNICATION

What are we learning this term?

A Personification	B Typography	C Computer skills	D Key words	E Evaluation
-------------------	--------------	-------------------	-------------	--------------

D | Key words

Graphics	
Typography	
Font	
Photoshop	

A | Personification

What is personification?

How does Paul Thurlby use personification?

B | Draw the letter A in the following font styles. Write the description of the font style too.

Serif:	
Sans Serif:	
Script:	
Decorative:	

C | Computer skills

What is the shortcut for paste?

What does this symbol stand for?

What does this symbol mean?

E | Evaluation

Evaluation: To judge or give an opinion

When writing an evaluation it is important to include the following three things:

1. Positives – what works well
2. Negatives – what doesn't work well
3. Possible improvements – how could you make it better?

A	What we are learning about this term...
1	Treble Clef Notation
2	Hand Positions on the Keyboard
3	Sharps, Flats and Natural Notes
4	Chords on the Keyboard

A piano or keyboard is laid out with **WHITE KEYS** and **BLACK KEYS** (as above). **C** is to the left of the two **BLACK KEYS** and the notes continue to **G** when they go back to **A** again. Notes with the same letter name/pitch are said to be an **OCTAVE** apart. **MIDDLE C** is normally in the centre of a piano keyboard.

E	Black Keys and Sharps and Flats
<p>There are five different black notes or keys on a piano or keyboard. They occur in groups of two and three right up the keyboard in different pitches. Each one can be a SHARP or a FLAT. The # symbol means a SHARP which raises the pitch by a semitone (e.g. C# is higher in pitch(to the right) than C). The <i>b</i> symbol means a FLAT which lowers the pitch by a semitone (e.g. Bb is lower in pitch(to the left) than B).</p> <p>Each black key has two names:</p> <ul style="list-style-type: none"> - C# is the same as Db - there's just two different ways of looking at it! <p>Remember, black notes or keys that are to the RIGHT of a white note are called SHARPS and black notes to the LEFT of a white note are called FLATS.</p>	

B	Keywords
Staff	Name given to 5 lines and 4 spaces where musical notes are written.
Treble Clef	Symbol used to show high pitched notes.
Sharp	When a note is raised by a semitone e.g. C to C sharp.
Flat	When a note is lowered by a semitone e.d. B to B flat.
Chord	3 notes played at the same time.
Middle C	Note in the middle of a keyboard – Played with your thumb of your right hand.

D	Keyboard chords - Left hand – Right hand
<p>C Major</p>	
<p>G Major</p>	
<p>F Major</p>	
<p>A Minor</p>	
<p>Play one – Miss one – play one – miss one – play one</p>	

F	Treble Clef & Treble Clef Notation
<p>A STAVE or STAFF is the name given to the five lines where musical notes are written. The position of notes on the staff shows their PITCH (how high or low a note is). The TREBLE CLEF is a symbol used to show high-pitched notes on the staff and is usually used for the right hand on a piano or keyboard to play the MELODY and used by high pitched instruments such as the flute and violin. The staff or staff is made up of 5 LINEs and 4 SPACEs.</p>	
<p>Every Green Bus Drives Fast. Notes in the SPACES spell "FACE"</p>	
<p>Notes from MIDDLE C going up in pitch (all of the white notes) are called a SCALE.</p>	

G	Describing music – MAD T SHIRT							
M	A	D	T	S	H	I	R	T
Melody	Articulation	Dynamics	Texture	Structure	Harmony/Tonality	Instruments	Rhythm	Tempo
The tune	How notes are played	Loud/quiet and any other volume changes	Layers of sound / how they fit together	The sections and organising	Chords used / the mood	Types of instruments heard	Pattern of notes	The speed

What we are learning this term:

- A. You will develop your knowledge and understanding of key performance skills of drama.
- B. How to perform on different stage layouts
- C. Devise your own performance from a popular TV show creating new characters.

A- Key Words for this term

1. Improvisation- create a scene without prior planning or a script.
2. Characterisation – presentation of a fictional character using gesture, posture and stance.
3. Body Language- The conscious and unconscious movements and postures by which attitudes and feelings are communicated
4. Facial Expressions- How someone expresses their emotions using their face.
5. Accent- The way you pronounce certain words, often showing where you are from.
6. Tone- The emotion that you put into your voice.
7. Blocking- Stopping the audience from being able to see / experience what is happening on stage
8. Devising- Creation of an original performance in response to a stimulus.

C- Why is blocking important in drama?

It teaches the actors to be aware of where/what way they are standing on stage and make sure they are always in the audience's sightlines.

B Write the definition for these four stage layouts, where the entrances and exits happen and what (if any) set/scenery can be used.

- 1 **End On-** Audience face one side of the stage. Numerous entrances and exits. Large scenery and set can be used.
- 2 **Thrust-** Audience in front and around 3 sides. Entrances and exits happen on the main stage and through the audience. Set/Scenery on the main stage only.
- 3 **Traverse-** The audience are around 2 sides. There are 2 entrances and exits. Set can be used but cannot be too high to obstruct sightlines of the audience.
- 4 **In The Round/Arena-** The audience are on every side of the stage. There are entrances and exits around the audience. No large sets can be used.

C- Thinking questions.

1. How am I showing my character?
2. What is my body language?
3. How is it different to my normal?
4. What is my character feeling?
5. Do my facial expressions match this?
6. What is my posture like?
7. How do I walk?
8. What implications are there for blocking?
9. What are the positives for each stage?
10. What are the negatives for each stage?
11. Which stage layout do you like the best? Why?

What we are learning this term:

- A. You will develop your knowledge and understanding of key performance skills of drama.
- B. How to perform on different stage layouts
- C. Devise your own performance from a popular TV show creating new characters.

Key Words for this term

- 1. Improvisation-
- 2. C - presentation of a fictional character using gesture, posture and stance.
- 3. B L - The conscious and unconscious movements and postures by which attitudes and feelings are communicated
- 4. Facial Expressions-
- 5. A - The way you pronounce certain words, often showing where you are from.
- 6. T - The emotion that you put into your voice.
- 7. Blocking-
- 8. D - Creation of an original performance in response to a stimulus.

C- Why is blocking important in drama?

It teaches the to be aware of where/what way they on stage and make sure they are in the audience's

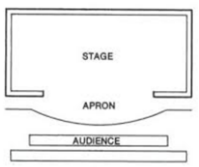

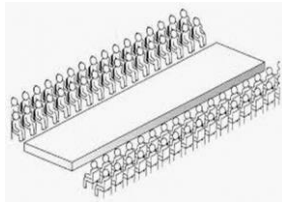

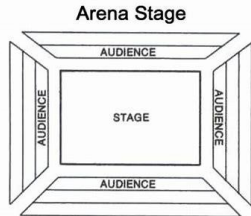

Write the definition for these four stage layouts, where the entrances and exits happen and what (if any) set/scenery can be used.

1 End On-

2 Thrust-

3 Traverse-

4 In The Round/Arena-

Thinking questions.

- 1. How am I showing my character?
- 7. How do I walk?
- 2. What is my body language?
- 8. What implications are there for blocking?
- 3. How is it different to my normal?
- 9. What are the positives for each stage?
- 4. What is my character feeling?
- 10. What are the negatives for each stage?
- 5. Do my facial expressions match this?
- 11. Which stage layout do you like the best? Why?
- 6. What is my posture like?
